

Technician 101

The Technician role is one that is often overlooked.

Traditionally this role is given to a member, or members, that are in tune with the controls side of the team. The Technician role is responsible for all-things battery, robot cart, and is often referred to as the "Leader of Pit."

As Technician it is your duty to help your drive team and pit crew successfully complete their respective tasks throughout competition.

To help you through this endeavor, here is a comprehensive guide on what you should know:
